# **Update for OIA** Points of Contact

Information for you as our Point of Contact

### Welcome to the September 2024 edition of our Update for Points of Contact.

As our Point of Contact, you have an important role in helping us to review complaints about your provider effectively, and more widely in liaising with us and providing information that helps us to run our Scheme effectively.

Our Updates for Points of Contact are designed to help you in this role. You can also find information on our website.

#### Workshops

We will be running an online Student Representative Body workshop for advisers and those colleagues who guide students through complaints processes:

Thursday 28 November 2024 (time TBC)

We will be publishing more details about this workshop on the <u>outreach pages</u> of our website soon.

## **Discussion groups** We will also be running some student discussion groups in November. We are particularly looking

to speak to disabled students, black and minority ethnic students, and students who are on apprenticeship programmes. If you are able to direct us to any student networks or societies who may be able to help us reach these students, please email us at outreach@oiahe.org.uk. We would be very grateful for your help. **Up-to-date contact details** 

# It's important that your Point of Contact and Point of Contact Delegate details are kept up to date,

so please let us know about any changes as soon as possible, using our MyOIA portal. You can follow our online guidance to help with this, or if you have any questions about using the MyOIA portal, please contact us at enquiries@oiahe.org.uk. Our approach to deadlines and extensions

We will normally set a deadline for you and the student whenever we ask for information to be sent to us. We will always try to balance allowing a reasonable period of time to respond with the need to progress cases as efficiently as possible and to make sure the deadline we set is proportionate to the individual case. We expect providers to comply with the timescales we set but we know that there will be times when it is difficult for the student or the provider to meet a deadline. If you are having any difficulty meeting the deadline, it's important to let us know as soon as you can. Case-handlers will use their discretion to consider any reasonable request for an extension.

You can read our guidance about our approach to extension requests on our website.

## **Learning from our casework** We have published a new Learning from our casework section on our website. It contains

guidance and case summaries on complaints categorised by subject and student matters. We hope you find this helpful.
